

I would like to comment on the new broadcast service, Low Power FM (LPFM) taking priority over current FM translator service which would affect the signal from K-LOVE I am now receiving. I listen to K-LOVE at work every day. Through K-LOVE I listen to Christian music which plays an important role in my work day. It has a calming and peaceful effect on me and keeps a great atmosphere around my work area all throughout the day. Keeping K-LOVE on the air would be for the best for the publics' best interest. Godly music is not only calming, relaxing, but it aids in making better people.
